

Agenda Cyprus meeting CASCADE

Sunday March 2nd 2014

Arrival WP leaders

Monday March 3rd 2014

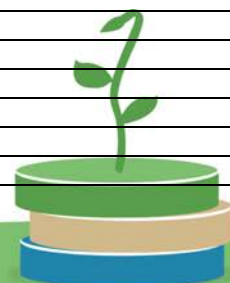

WP leaders meeting

time	subject	remarks
Chair: Violette, Minutes: Rudi		
9:00 – 9:10	Welcome (by Coen)	Quick round of intros too
From 9:10	Conceptual Framework	How we as CASCADE project perceive the problem of ecosystem shifts in European drylands
	Methodological Framework	How we as project are going to contribute to prevent/remediate ecosystem shifts. Also how we organise our work to make sure that we achieve project aims such as 1) identify early warning signals, 2) define tipping points and threshold values etc.
13:00 – 14:00	Lunch	
Chair: Coen, Minutes: Rudi		
From 14:00	Links Modelling	Models should logically fit in the framework, and should also be logically linked together. Also links between models and field data/observations
	Implications of Frameworks for WPs	The developed framework might mean some adaptation of work in some WPs
From 16:00	Analysis of data	Who will analyse soil data (physical, chemical), plant data, microbiological data. Analysis should be done separately, but also in combination (integration)
	Problems within WPs	Discuss any problems that can better be dealt with in the WP leaders group than in the plenary meeting, e.g. deviations from contract
17:00?	Closure	

Arrival other participants
